STARS Evaluation Committee:

It is with great pleasure that the University of Alaska Anchorage submits to the Association for the Advancement of Sustainability in Higher Education (AASHE) a report to the Sustainability Tracking and Rating System (STARS). UAA's STARS report was compiled by UAA's Sustainability Director Paula Williams and by this letter I affirm that it is accurate.

We look forward to the results of STARS report.

Sincerely,

A handwritten signature in black ink that reads "Thomas R. Case". The signature is written in a cursive, slightly slanted style.

Thomas R. Case  
Chancellor
