

10 February 2011

To the ACUPCC, AASHE, and STARS community –

The University of Arkansas is pleased to submit our campus sustainability report to the STARS program. Dozens of staff and faculty across our campus have compiled data and information that allow us to complete this report, and I confirm that, to the knowledge of those who developed the information contained here, this submission is fully accurate.

Sincerely,

Dr. G. David Gearhart
Chancellor
