RE: The University of Arkansas AASHE STARS Submission

On behalf of the University of Arkansas, I am pleased to submit our campus AASHE STARS V2.0 report. I affirm that the information in this year's submission has been checked for accuracy. The Office for Sustainability has done its due diligence to collect and represent the University of Arkansas' sustainability initiatives.

The effort needed to compile data across the university's campus and auxiliaries spanned several months, involved numerous partnerships, and forged new relationships. The University of Arkansas AASHE STARS report is the product of that effort.

The University of Arkansas appreciates AASHE's development of the STARS program and will continue to strive at improving its performance across these metrics and other sustainability initiatives in the years to come.
