AASHE STARS  
Pre-Submission Review

**Object: Letter of Affirmation**

To whom it may concern,

The Office of internal audit of Université de Sherbrooke has been mandated to review our STARS report and suggest improvements.

All reported data was reviewed by a student worker from the University Centre for Environmental and Sustainable Development Studies of the Université de Sherbrooke using the review template. This quality control was supervised by the Office of internal audit of the Université de Sherbrooke.

After three reviews of Stars criterias, I can affirm it meets requirements and that this report is a true representation of Université de Sherbrooke's leadership in the sustainability field.

Regards,

*Johannes Cammaert, CPA auditeur*
