

Simple actions towards sustainability

Things you can do

Connect with your communities, register for volunteering opportunities in Career Connect:

utas.edu.au/students/careers

Volunteer at food garden beds on campus to grow your own healthy food:

utas.edu.au/infrastructure-services-development/sustainability/food

Use UCapture to help offset the University's carbon footprint for free when you shop online:

ucapture.com

Listen to our Sustainability @ UTAS podcast:

podcasts.apple.com/us/podcast/sustainability-utas/id1511478529

Meet your College or Campus sustainability rep on the Students for Sustainability working group, contact:

sustainability.utas@utas.edu.au

Check out the TUSA Clubs and Societies to get involved in student life:

tusa.org.au/clubs-societies

Find bus public transport information at the Metro Tasmania website:

metrotas.com.au

Find, swap, share and donate clothes, books, stationery and homewares before you buy new.

Bring your own reusable cup and avoid single-use plastics by bringing your own shopping bags and containers to stores and cafés.

Avoid standby power waste by switching off your computer and lights when you leave a room.

Studying Sustainably

Whether you are studying by distance or on campus, you can make a difference and get involved in sustainability

Simple Actions Towards
Sustainability

UNIVERSITY of
TASMANIA

On our website you can

Sign up for the UTAS Sustainability Bulletin

Take a virtual or on-campus Sustainability Tour and learn about student projects and initiatives at the University

Learn about the sustainability commitments and achievements of the University

Waste and recycling options at the University of Tasmania may be different to those you have at home, find out what you can recycle at your campus and the location of your nearest recycling wall

Learn more about biodiversity and the natural environment on your campus

Find out about a range of sustainable transport options including public transport and decide which option suits you

Sustainability Integration Program for Students (SIPS)

Find opportunities for tackling real world challenges through meaningful student projects

Through SIPS you can

Apply for paid internships

Work with us for course credit through our curricular placement opportunities and in class projects

Join workshops or training sessions for students

Connect with other students, find out about events and volunteering opportunities through the 'Students for a Sustainable UTAS' facebook page

Do you ride your bike to UTAS?

Register your ride on our university-wide Bike Register

Sustainable Transport

The University of Tasmania is committed to supporting a range of transport options, including active and public transport, available for our staff, students and visitors.

- Carpooling
- Car sharing
- Public transport (ie: Metro bus)
- Bicycling
- Walking
- Virtual transport

On campus maps you will find

Bike hubs, showers and water refill stations

Electric car, motorcycle and bike charging stations

Locations to fill up your water bottle with free, filtered drinking water
