Notice of continuing carbon neutral certification: Reporting year 2018

Dear Corey

Congratulations! I am pleased to let you know that the University of Tasmania is confirmed as carbon neutral for its Australian business operations in 2018.

We have reviewed your annual reporting documents and verify that your organisation has met all the requirements of the National Carbon Offset Standard. This means you can continue to use the certification trade mark, as detailed in your licence agreement with the Australian Government.

I thank you and your staff for your organisation's ongoing carbon neutral commitment. Your leadership in taking action to reduce emissions is making an important difference.

In recognition of your achievement, we will send you a certificate displaying University of Tasmania's carbon neutral status for 2018.

The carbon neutral team and I look forward to our continuing engagement with you.

Yours sincerely

Amy Davidson
Assistant Director, Carbon Neutral Certification
Climate Change Division
