

Award Prog Level Group	Award Program	Program Code	Required Sustainability	Required Sustainability Focused Course Name	Compulsory
Undergraduate	AssocDegree Applied Science	1506	ANIM2021	Animal Environmental Physiology	Wildlife science major
			ANIM3018	Wildlife Technologies	Wildlife science major
Undergraduate	B Advanced Science Honours	2341	BIOL1030	Global Challenges in Biology	Ecology major
			BIOL3000	Conservation	Marine biology major
			BIOL3204	Plant Adaptation & Global Change	Plant Science major
			ENVM3523	Natural Resource Management	Zoology major
			GEOS1100	Environment & Society	Geographical sciences major
			MGTS3968	Sustainable food supply chains	Compulsory for Agribusiness component
Undergraduate	B Agribusiness/BAppSc	2126	MGTS3968	Food Systems and Supply Chain Management	Compulsory for Agribusiness component
			PLNT2011	Plant & Environmental Health	Compulsory in Agronomy Major
Undergraduate	B Agribusiness/BSusAgr	2390	MGTS3968	Food Systems and Supply Chain Management	Compulsory for Agribusiness component
Undergraduate	B Agricultural Science (Honours)	2003	PLNT2011	Plant & Environmental Health	Compulsory in Agronomy Major
Undergraduate	B Agricultural Science(Hons)	2352	PLNT2011	Plant & Environmental Health	Compulsory in Agronomy Major
Undergraduate	B Applied Science	2240	ANIM2021	Animal Environmental Physiology	Wildlife science major
			ANIM3018	Wildlife Technologies	Wildlife science major
			ENVM3001	Principles of wildlife management	Wildlife science major
			LAND3007	Land use and management	Agronomy major
			PLNT2011	Plant & Environmental Health	Urban horticulture major
Undergraduate	B Arts	2000	GEOS1100	Environment & Society	Compulsory: Geography Major
			GEOS3102	Global Change: Problems and Prospects	Compulsory: Geography Major
Undergraduate	B Arts/BEducation(Sec)	2066	GEOS1100	Environment & Society	Compulsory: Geography Major
			GEOS3102	Global Change: Problems and Prospects	Compulsory: Geography Major
Undergraduate	B Arts/B Internat Hotel&TourM	2206	GEOS1100	Environment & Society	Compulsory: Geography Major
			GEOS3102	Global Change: Problems and Prospects	Compulsory: Geography Major
			TOUR2007	Sustainable Tourism	Compulsory: Int Hotel and Tourism Management
Undergraduate	B Arts/BSocialScience	2067	GEOS1100	Environment & Society	Compulsory: Geography Major
Undergraduate	B Arts/Educ (MYS)	2246	GEOS1100	Environment & Society	Compulsory: Geography Major
Undergraduate	B BusMan/BArts	2074	GEOS1100	Environment & Society	Compulsory: Geography Major
			GEOS3102	Global Change: Problems and Prospects	Compulsory: Geography Major
Undergraduate	B BusMan/BScience	2081	BIOL1030	Global Challenges in Biology	Compulsory: Ecology Major
			GEOS1100	Environment & Society	Compulsory: Geography Major
			GEOS3102	Global Change: Problems and Prospects	Compulsory: Geography Major
Undergraduate	B Commerce/BScience	2087	BIOL1030	Global Challenges in Biology	Compulsory: Ecology Major
Undergraduate	B Communication/Arts	2282	GEOS1100	Environment & Society	Compulsory: Geography Major
			GEOS3102	Global Change: Problems and Prospects	Compulsory: Geography Major
Undergraduate	B Economics/BArts	2095	GEOS1100	Environment & Society	Compulsory for Geography Major
			GEOS3102	Global Change: Problems and Prospects	Compulsory for Geography Major

Undergraduate	B Economics/BScience	2098	GEOS1100	Environment & Society	Compulsory for Geography Major
			GEOS3102	Global Change: Problems and Prospects	Compulsory for Geography Major
Undergraduate	B Engineering	2001	CIVL2135	Environmental Issues and Sustainability in Engineering	Compulsory civil major
Undergraduate	B Engineering/BBiotech (Honours)	2225	ENVM2100	Foundations of sustainable development	Environmental Engineering major
			ENVM2200	Resource Management & Environmental Planning	Environmental Engineering major
			ENVM3523	Natural Resource Management	Environmental Engineering major
Undergraduate	B Engineering/BScience (Honours)	2094	GEOS1100	Environment & Society	Compulsory for Geography Major
			GEOS3102	Global Change: Problems and Prospects	Compulsory for Geography Major
Undergraduate	B Engineering(Hons)/BScience	2347	BIOL1030	Global Challenges in Biology	Compulsory: Ecology Major
			GEOS1100	Environment & Society	Compulsory for Geography Major
			GEOS3102	Global Change: Problems and Prospects	Compulsory for Geography Major
Undergraduate	B Environmental Science(Hons)	2353	ALL	All courses in a sustainability-focused program	Compulsory
Undergraduate	B EnvMan	2011	ALL	All courses in a sustainability-focused program	Compulsory
Undergraduate	B EnvMan (Honours)	2011	ALL	All courses in a sustainability-focused program	Compulsory
Undergraduate	B EnvMan Honours	2376	ALL	All courses in a sustainability-focused program	Compulsory
Undergraduate	B International Hotel&TourMgmt	2340	TOUR2007	Sustainable Tourism	Compulsory
Undergraduate	B OccHlth&SafeSc(Hons)	2331	ENVM1002	Critical Analysis in Environmental Management	Compulsory
			ENVM3103	Regulatory Frameworks for Environmental Management & Planning	Compulsory
Undergraduate	B Regional & Town Planning	2063	ENVM2200	Resource Management & Environmental Planning	Compulsory
			ENVM2200	Resource Management & Environmental Planning	Compulsory
			ENVM3103	Regulatory Frameworks for Environmental Management & Planning	Compulsory
			ENVM3115	Climate Change and Environmental Management	Compulsory
			GEOS1100	Environment & Society	Compulsory
Undergraduate	B Regional & Town Planning (Honours)	2063	GEOS1100	Environment & Society	Compulsory
			ENVM2200	Resource Management & Environmental Planning	Compulsory
			ENVM3103	Regulatory Frameworks for Environmental Management & Planning	Compulsory
			ENVM3115	Climate Change and Environmental Management	Compulsory
Undergraduate	B Science	2030	BIOL1030	Global Challenges in Biology	Compulsory: Ecology Major
			GEOS1100	Environment & Society	Compulsory: Geography Major
			GEOS1100	Environment & Society	Compulsory: Geography Major
			GEOS3102	Global Change: Problems and Prospects	Compulsory: Geographical Sciences
			BIOL1030	Global Challenges in Biology	Compulsory: Ecology Major
			GEOS1100	Environment & Society	Compulsory: Geography Major
			GEOS3102	Global Change: Problems and Prospects	Compulsory: Geographical Sciences
Undergraduate	B Science/BEducation(Sec)	2110	BIOL1030	Global Challenges in Biology	Compulsory: Ecology Major
			GEOS1100	Environment & Society	Compulsory: Geography Major
			GEOS3102	Global Change: Problems and Prospects	Compulsory: Geographical Sciences
Undergraduate	B Science/B Journalism	2233	BIOL1030	Global Challenges in Biology	Compulsory: Ecology Major

			GEOS1100	Environment & Society	Compulsory: Geography Major
			GEOS3102	Global Change: Problems and Prospects	Compulsory: Geographical Sciences
Undergraduate	B Social Science	2032	GEOS1100	Environment & Society	Compulsory: Environment & Society Major
Undergraduate	B Sustainable Agriculture	2386	ANIM2021	Animal Environmental Physiology	Compulsory
			LAND3007	Land use and management	Compulsory
			PLNT2011	Plant & Environmental Health	Compulsory
			PLNT3009	Plant protection	Compulsory
Undergraduate	B Wildlife Science	2388	ANIM2021	Animal Environmental Physiology	Compulsory
			ANIM3018	Wildlife Technologies	Compulsory
			BIOL3000	Conservation	Compulsory
			BIOL3204	Plant Adaptation & Global Change	Compulsory
			CONS3017	Landscape ecology	Compulsory
			ENVM3001	Principles of wildlife management	Compulsory
			PLNT2011	Plant & Environmental Health	Compulsory
Postgraduate	Grad Cert Communication	5336	COMU7013	Participatory Development Communication	Compulsory: Communication for Social Change sequence
Postgraduate	Grad Cert Heritage Management	5637	ENVM7123	Regulatory Frameworks for Environmental Management & Planning	Compulsory
Postgraduate	Grad Cert Integrated Water Mgt	5408	WATR7100	Catchment & aquatic ecosystem health	Compulsory
			WATR7800	Water agricultural landscapes and food security	Compulsory
Postgraduate	Grad Cert Resp Resource Devel	5621	MINE7053	Sustainable Development in the Resources Sector	Compulsory
Postgraduate	Grad Dip Environ Management	5084	ECON7720	Ecological and environmental economics	Compulsory
			ECON7730	Natural resource economics	Compulsory
			ECON7760	The economics of climate change	Compulsory
			ENVM7001	Foundations in environmental studies	Compulsory
			ENVM7003	Applied Research Methods	Compulsory
			ENVM7205	Climate Change and Environmental Management	Compulsory
			ENVM7511	Natural Resource Management	Compulsory
			ENVM7512	Environmental problem solving	Compulsory
			ENVM7513	environment & Community	Compulsory
			ENVM7522	Protected area management	Compulsory
			PLNT6894	Principles of weed science	Compulsory
			TIMS7317	Corporate sustainability	Compulsory
			TIMS7328	Strategies for business sustainability and innovation	Compulsory
Postgraduate	Grad Dip Integrated Water Mgt	5409	WATR7002	Water, Sustainability and Development	Compulsory
			WATR7003	Water Governance and Policy	Compulsory
Postgraduate	Grad Dip Intl Public Health	5394	PUBH7027	Introduction to environmental health	Compulsory
Postgraduate	Grad Dip Public Health	5131	PUBH7027	Introduction to environmental health	Compulsory
Postgraduate	Grad Dip Resp Resource Devel	5622	MINE7061	Sustainable Development in the Resources Sector - Tools and Integratio	Compulsory
Postgraduate	Master Communication	5334	COMU7013	Participatory Development Communication	Compulsory

Postgraduate	Master Communication	5651	COMU7013	Participatory Development Communication	Complusory
Postgraduate	Master Conservation Biology	5551	CONS6009	Wildlife & conservation biology	Complusory
			CONS7008	Sampling & analysis in conservation science	Complusory
			CONS7021	Conservation decision making	Complusory
			CONS7022	Space invaders: invasive species, field skills & GIS mapping	Complusory
			CONS7023	Applied fauna conservation	Complusory
			CONS7024	Marine conservation	Complusory
			CONS7025	Rainforest conservation	Complusory
			CONS7027	Conservation concerns: An industry perspective	Complusory
			CONS7029	Conservation in context	Complusory
			ENVM7505	Conservation policy	Complusory
			PHIL7221	Environmental philosophy	Complusory
Postgraduate	Master Conservation Sci	5597	CONS6009	Conservation & wildlife biology	Complusory
			CONS7004	Major research project & seminars	Complusory
			CONS7008	Sampling & analysis in conservation science	Complusory
			CONS7021	Conservation decision making	Complusory
			CONS7022	Space invaders: invasive species, field skills & GIS mapping	Complusory
			CONS7023	Applied fauna conservation	Complusory
			CONS7024	Marine conservation	Complusory
			CONS7025	Rainforest conservation	Complusory
			CONS7027	Conservation concerns: An industry perspective	Complusory
			CONS7029	Conservation in context	Complusory
			ENVM7505	Conservation policy	Complusory
			PHIL7221	Environmental philosophy	Complusory
Postgraduate	Master Development Practice	5346	ENVM7100	Foundations of sustainable development	Complusory
Postgraduate	Master Energy Studies	5512	ENGY7001	Climate science and policy	Complusory
			ENGY7002	Energy and development	Complusory
			ENGY7003	Low emission technologies and supply systems	Complusory
			ENGY7301	Energy efficiency and transport	Complusory
			ENVM7124	International regulatory frameworks for climate change and environment	Complusory
			ENVM7513	environment & Community	Complusory
Postgraduate	Master Environmental Mgmt	5174	CONS6009	Conservation & wildlife biology	Complusory
			CONS6017	Landscape ecology	Complusory
			CONS7008	Sampling & analysis in conservation science	Complusory
			ECON7720	Ecological and environmental economics	Complusory
			ECON7730	Natural resource economics	Complusory
			ECON7760	The economics of climate change	Complusory
			ENVM3102	Industry placement (environmental management)	Complusory

			ENVM7001	Foundations in environmental studies	Compulsory
			ENVM7002	Marine & coastal environmental protection	Compulsory
			ENVM7003	Applied Research Methods	Compulsory
			ENVM7100	Foundations of sustainable development	Compulsory
			ENVM7104	Sustainable consumption & production	Compulsory
			ENVM7123	Regulatory Frameworks for Environmental Management & Planning	Compulsory
			ENVM7124	International regulatory frameworks for climate change and environment	Compulsory
			ENVM7200	Coastal processes & management	Compulsory
			ENVM7201	Catchment processes & management	Compulsory
			ENVM7205	Climate Change and Environmental Management	Compulsory
			ENVM7206	Environmental impact assessment	Compulsory
			ENVM7305	Environmental management in mining	Compulsory
			ENVM7505	Conservation policy	Compulsory
			ENVM7511	Natural Resource Management	Compulsory
			ENVM7512	Environmental problem solving	Compulsory
			ENVM7513	environment & Community	Compulsory
			ENVM7522	Protected area management	Compulsory
			ENVM7524	Carbon & energy management	Compulsory
			ENVM7529	Northern tour	Compulsory
			ENVM7530	People fire & environment	Compulsory
			MGTS7309	Decision making & reporting for sustainability	Compulsory
			MGTS7524	Sustainability dynamics	Compulsory
			MINE7032	Sustainable management of risk in industry	Compulsory
			PHIL7221	Environmental philosophy	Compulsory
			TIMS7317	Corporate sustainability	Compulsory
			TIMS7328	Strategies for business sustainability and innovation	Compulsory
Postgraduate	Master Environmental Mgmt	5609	CONS6009	Conservation & wildlife biology	Compulsory
			CONS6017	Landscape ecology	Compulsory
			CONS7008	Sampling & analysis in conservation science	Compulsory
			ECON7720	Ecological and environmental economics	Compulsory
			ECON7730	Natural resource economics	Compulsory
			ECON7760	The economics of climate change	Compulsory
			ENVM3102	Industry placement (environmental management)	Compulsory
			ENVM7001	Foundations in environmental studies	Compulsory
			ENVM7002	Marine & coastal environmental protection	Compulsory
			ENVM7003	Applied Research Methods	Compulsory
			ENVM7100	Foundations of sustainable development	Compulsory
			ENVM7104	Sustainable consumption & production	Compulsory

			ENVM7123	Regulatory Frameworks for Environmental Management & Planning	Compulsory
			ENVM7124	International regulatory frameworks for climate change and environment	Compulsory
			ENVM7200	Coastal processes & management	Compulsory
			ENVM7201	Catchment processes & management	Compulsory
			ENVM7205	Climate Change and Environmental Management	Compulsory
			ENVM7206	Environmental impact assessment	Compulsory
			ENVM7305	Environmental management in mining	Compulsory
			ENVM7505	Conservation policy	Compulsory
			ENVM7511	Natural Resource Management	Compulsory
			ENVM7512	Environmental problem solving	Compulsory
			ENVM7513	environment & Community	Compulsory
			ENVM7522	Protected area management	Compulsory
			ENVM7524	Carbon & energy management	Compulsory
			ENVM7529	Northern tour	Compulsory
			ENVM7530	People fire & environment	Compulsory
			MGTS7308	Social enterprises and not for profits	Compulsory
			MGTS7309	Decision making & reporting for sustainability	Compulsory
			PHIL7221	Environmental philosophy	Compulsory
			TIMS7317	Corporate sustainability	Compulsory
			TIMS7328	Strategies for business sustainability and innovation	Compulsory
Postgraduate	Master Geog Information Sc	5177	ENVM7003	Applied Research Methods	Compulsory
Postgraduate	Master Geog Information Sc	5610	ENVM7003	Applied Research Methods	Compulsory
Postgraduate	Master Gov & Public Policy	5366	ENVM7524	Carbon & energy management	Resource management major
Postgraduate	Master Heritage Management	5636	ENVM7123	Regulatory Frameworks for Environmental Management & Planning	Compulsory
Postgraduate	Master Integrated Water Mgt	5410	WATR7002	Water sustainability and development	Compulsory
			WATR7003	Water Governance and Policy	Compulsory
			WATR7100	Catchment & aquatic ecosystem health	Compulsory
			WATR7800	Water agricultural landscapes and food security	Compulsory
			WATR7900	Collaborative planning	Compulsory
Postgraduate	Master Internat PublicHlth	5414	PUBH7027	Introduction to environmental health	Compulsory
Postgraduate	Master Int Public Health	5395	PUBH7027	Introduction to environmental health	Compulsory
Postgraduate	Master LeadershipInGlobalDevpt	5669	COMU7013	Participatory Development Communication	Compulsory
			MGTS7995	Private sector innovation and sustainable development	Compulsory
Postgraduate	Master Public Health	5224	PUBH7027	Introduction to environmental health	Compulsory
Postgraduate	Master Public Health	5415	PUBH7027	Introduction to environmental health	Compulsory
Postgraduate	Master Resp Resource Dev	5623	ENVM7305	Environmental management in mining	Environment field of study major
			MINE7061	Sustainable Development in the Resources Sector - Tools and Integratio	Environment field of study major
Postgraduate	Master Rural Development	5568	ENVM7513	Environment & Community	Compulsory
