

STARS Steering Committee  
Association for the Advancement of Sustainability in Higher Education  
213 ½ North Limestone  
Lexington, Kentucky 40507

Dear AASHE STARS Steering Committee,

I am pleased to submit for your consideration Illinois Institute of Technology's Sustainability Tracking Assessment and Rating System (STARS) report. Illinois Tech students, staff and faculty have collaborated on a variety of sustainability initiatives on our campus and we are proud of the research and advancements taking place all across the university.

Our commitment to sustainability can be found across the institution from our energy and waste reduction programs to our curriculum. With this report, we continue to build on the success of the other Illinois Tech sustainability initiatives, and I am happy to share our success with our colleagues at AASHE.

I affirm that the Illinois Institute of Technology's STARS submission is an accurate documentation of our progress and commitment to sustainability. Thank you for giving us the opportunity to participate in this important endeavor.

Sincerely,

A handwritten signature in black ink, appearing to read "Bruce Watts", with a long horizontal line extending to the right.

Bruce Watts  
VP for Facilities and Public Safety
