Bennington College has partnered with Efficiency Vermont, as part of its Continuous Energy Improvement (CEI) program to reduce energy use on campus. This form is intended to survey what members of the college understand about our current institutional practices and get a sense of their personal habits to tailor a new energy initiative that will be rolled out next fall term.

Are you a student, faculty member, or staff member?

Your answer

If you are a student, what class year are you?

Your answer

How would you rate your sustainable practices?

1 2 3 4 5

Not conscious Extremely conscious

How would you rate the practices of your peers?

1 2 3 4 5

Not conscious Extremely conscious
