

SUSTAINABILITY WORKING GROUP

The Sustainability Committee is made up of staff, faculty, and students from all areas of the College. The Committee's mission is to advance a shared sense of responsibility towards the social, economic, and environmental well being of the College and beyond in order to educate Bennington students and lead by example. The Committee's goals are to advance the ethic of sustainability in College operations, academics, and campus life and to build bridges between the College, the local community, and the world at large. The Committee is chaired by the Associate Vice President for Facilities Management and Planning.
