1209 Fremont St
Stevens Point, WI 54481

Dave

Dear Mr. Barbier,

Congratulations! On behalf of the Recycling Program at the Wisconsin Department of Natural Resources, you and University of Wisconsin-Stevens Point are being recognized for your superior performance. Based on a nomination received on your behalf, your recycling program exceeded DNR expectations and provided a higher standard of service to your community. It is our pleasure to present you and University of Wisconsin-Stevens Point with the 2019 Recycling Excellence Award for Overall Program.

The Recycling Excellence Awards program is designed to encourage and reward communities and programs for outstanding efforts, innovation and performance in recycling while providing examples of how to increase the effectiveness of local recycling programs. You can find more information on this recognition program, including a list of all the award recipients by visiting the Department's website at dnr.wi.gov and searching "Recycling Excellence Awards."

We do ask that you take a picture of yourself holding the award, as we would like to have pictures to include with our media announcements on the DNR website, Facebook, and Twitter on or around America Recycles Day, which falls on November 15, 2019. If you could please email the picture by November 8, 2019 to Rachel Stark, at rachel.stark@wisconsin.gov, it would be greatly appreciated. Please complete and return the Photo Release Form (included) for your submitted photo(s).

We sincerely appreciate your effort and hope that your dedication to excellence in recycling will continue.

Sincerely,

Joseph P. Van Rossum

Joseph P. Van Rossum, Director
Bureau of Waste and Materials Management

WISCONSIN DEPARTMENT OF NATURAL RESOURCES

RECYCLING EXCELLENCE AWARD

for

OVERALL PROGRAM

is presented to

UNIVERSITY OF WISCONSIN STEVENS POINT

The Recycling Excellence Awards recognize local recycling programs for their dedication to providing outstanding recycling and waste minimization services to their residents. Thank you for your efforts to improve recycling in your community, exceeding expectations of the Wisconsin Department of Natural Resources and leading the way for other communities. We hope you and your students and staff will take pride in this achievement and continue to strive for recycling excellence.

Jack Pluta

Waste and Materials Management Bureau Director
