Planning & Administration Credit 4
Letter of Affirmation
Pre-Submission Review
STARS AASHE

To Whom It May Concern:

In June 2021, Brandon Morton (Assistant Director of Sustainability & Operations, Dallas College) contacted me to discuss the opportunity of peer-reviewing Dallas College's STARS submission.

I affirm that I conducted the first review of Dallas College's STARS report as an external reviewer who was not involved in the data collection process.

This (first) review was performed following the guidelines published on AASHE-STARS' Data Quality & Reporting Assurance website (<https://stars.aashe.org/reports-data/quality-assurance/>).

Comments from the first review were recorded in the "Reviewer Comments & Suggestions: 1st Review" section of the STARS Review Template available on the above-mentioned website.

Please feel free to contact me if you have any questions or need additional information.

Sincerely,

Divya Saxena

STARS PA-4 and IN-11
Letter of Affirmation
Pre-Submission Review
November 2, 2021

To Whom it May Concern:

I was contacted by Brandon Morton (Assistant Director of Sustainability, Operations) to conduct a review of Dallas College's first AASHE STARS submission in accordance with credit criteria for PA-4 and IN-11. Due to extenuating circumstances that prevented the first reviewer (Dr. Divya Saxena) from being unable to complete her second round of reviews, I was asked to conduct a secondary review of the AASHE STARS report and confirm that all comments by the first reviewer had been adequately addressed. I can attest that all identified issues brought up by Dr. Saxena have been resolved.

Using the STARS Review Template I reviewed all credits that Dallas College is pursuing and documented inconsistencies and errors. After submitting my review to Brandon he addressed the concerns identified during my review and updated relevant information in the Reporting Tool. All identified inconsistencies and errors were successfully addressed.

Please feel free to contact me at Kathleen.Klaniecki@cwu.edu or 509-963-1825 if you require any additional information.

Sincerely,

Kathleen Klaniecki
