## New Starter Welcome

Local inductions are essential for successful orientation and onboarding. We also have some university-wide offerings to support the process and we encourage you to engage as many of them as possible.

### Warimi: Getting Started at Sydney (Online Module)

The [Warimi: Getting Started at Sydney online module](#) is designed to introduce you to the history, culture, values, structure and governance of the University of Sydney. It also provides information about working within the University of Sydney including links to practical information about services, benefits and support networks available.

### New Starter Welcome Session (Zoom or Face-to-Face)

The [New Starter Welcome session](#) is an opportunity for you to be welcomed to the University by one of our senior leaders, to hear about their connection with the institution and to ask them questions about issues or areas of interest that are pertinent to you. It also offers the chance for you to meet and make connections with other new starters from across the University. Registration is essential and takes place via [CareerPath](#).

### Meet our services and benefits providers

Twice a year, representatives from our benefits and services providers are invited to join the new starter networking session (which immediately follows the face-to-face New Starter Welcome) in order to share what they offer and answer your questions about accessing their services.

Benefits and services represented include:

- BUPA
- Sydney Conservatorium of Music
- Events and Venues
- HCF
- NCCC
- Networks
- Sydney Uni Sports and Fitness (SUSF)
- University Libraries
- UniSuper

## Contact

For general enquiries about the New Starter Learning programs, contact:

### Organisational Development

E [hr.learning@sydney.edu.au](mailto:hr.learning@sydney.edu.au)

Note: We cannot guarantee representatives from every service provider at each session.

If you're unable to attend a face-to-face session, then scroll down to look through the digital summaries from our providers where they've provided you with an introduction to who they are, what they offer to new starters and where to find out more. Please note, this list is not yet complete and more services will be added to it soon.

## Heritage Tour

One of the most popular and memorable experiences offered to new starters is the opportunity to participate in a Heritage Tour around the Quadrangle. Led by our own Museum's team, it provides you with the chance to learn more about the history of our University and one of its most iconic buildings, including the Aboriginal lands on which it is built and the little nods to our unique history and heritage.

Numbers for this popular tour are limited, so please ensure you've [registered via CareerPath](#) and that, if you're no longer able to attend, you withdraw as soon as possible to allow someone else to take your place.

Contact [hr.learning@sydney.edu.au](mailto:hr.learning@sydney.edu.au) for more information.

Sustainability Strategy Team -

Sustainability is a key priority for the university throughout its operations, research and education. The [Sustainability Strategy](#) team implement and support sustainability-related activities across the University.

- Read through the University's [Sustainability Strategy](#), our targets and how we'll reach those targets
- Discover how you can [get involved](#) in sustainability initiatives happening around the university and across our campuses.
- Read some of the exciting actions we're already doing like creating a living lab on our Camperdown/Darlington campus by testing [energy storage](#) and recycled concrete research, how we are [reducing the amount we send to landfill](#) and our [progress in 2020](#) despite the challenges of COVID.
