

AASHE STARS Letter of Affirmation  
Pre-Submission Review  
November 11, 2020

To Whom It May Concern,

In March 2020, I contacted Karen Oberer, Sustainability Officer (Monitoring and Reporting) at McGill University, to discuss the opportunity of improving each of our STARS reports through an external review process.

After performing a first and second review, I can attest that all identified issues in the McGill University report have been resolved.

Please feel free to contact me at [cassandra.lamontagne@concordia.ca](mailto:cassandra.lamontagne@concordia.ca) if you have any questions or concerns.

Sincerely,

Cassandra Lamontagne

Sustainability Coordinator
