UM6P Sustainability Literacy&Culture Assessment

Longitudinal study about the measurable change of Sustainability Literacy&Culture at the UM6P Campus.

This sustainability Literacy&Culture assessment is launched by the Sustainable Development Department in order to conduct a longitudinal study for the measurable change of sustainability Literacy&Culture at the campus.

This survey is voluntary. There are no good and bad answers. We are interested in having an overview of your knowledge of basic information and particularly your thoughts and opinions.

1st part: The knowledge about basics.

2nd part: The values, behaviors, and beliefs.

We hope you will give all the questions your full consideration.
