**SUSTAINABLE
DEVELOPMENT**

CALL FOR PARTICIPATION

**SUSTAINABLE DEVELOPMENT
AMBASSADORS PROGRAM**

SUSTAINABLE DEVELOPMENT AMBASSADORS PROGRAM SDA+P

The Sustainable Development Department, in collaboration with the Student Empowerment Office, is launching the first edition of the Sustainable Development Ambassador Program SDA + P.

This program, intended exclusively for UM6P students, will allow them to:

Promote and implement sustainability at the UM6P campus

Promote and disseminate sustainability concepts throughout the campus students communities of practices

Deepen their understanding of sustainability while developing their outreach and education skills

Each school will be represented by two ambassadors to:

- Mentor your peers through training and peer-group learning,
- Increase awareness of sustainability,
- Encourage students' engagement with sustainability,
- Create innovative projects and organize events for your school and peers,
- Become a role model of sustainability leadership on the campus.

AGENDA

Date : 25.06.2020 | **Time :** 7pm to 9pm (GMT+1) - 2PM (EDT) | **Duration :** 2 hours
Platform : TEAMS (Microsoft Teams)

19h - 19h30	SUSTAINABLE DEVELOPMENT by Pr. Eric BAUCE , LAVAL University • The basic principles of Sustainable Development;
19h30 - 20h30	THE SDGs by Pr. Eric BAUCE , LAVAL University • General overview of the United Nations 17 SDGs • Concrete implementation of the SDGs within the campus « campaigns - workshops - programs...etc. »: STARS Accreditation approach
20h30 - 21h00	THE PEER TO PEER PROGRAM by Maroua AMEZIANE , Mohammed VI Polytechnic University • An overview of the peer to peer learning concept • Sustainable Development Ambassadors program SDA+P: Notes et Rules

July	CHALLENGE OF SUSTAINABILITY Moderated by Sustainable Development Department team, Mohammed VI Polytechnic University The ambassador will have to do 3 challenges during the month of July in order to finalize the application: • 1st week: SDGs online workshop for the peers • 2nd week: Soft skills workshop • 3rd week: Brainstorming session for the upcoming 2020 - 2021 projects
-------------	---

SUSTAINABLE DEVELOPMENT AMBASSADORS PROGRAM

SDA+P

Le Département Développement Durable, en collaboration avec le Student Empowerment Office, lancent la première édition du Programme Ambassadeurs du Développement Durable SDA + P.

Ce programme destiné exclusivement aux étudiants de l'UM6P dans l'objectif de :

Former l'ensemble de la communauté estudiantine de l'UM6P aux concept du développement

Promouvoir et diffuser des concepts de développement durable dans toutes les communautés campus étudiants de pratiques

Approfondir leur compréhension de la durabilité tout en développant leurs compétences de sensibilisation et d'éducation

Pièces jointes: SDA+P Activity Report Template - English&French Version.docx; 1st Edition of the Annual Training - Sustainable Development Ambassadors Program.pdf

Dear Sustainable Development Ambassadors,

Congratulations, you have officially been part of the kick-off of the SD Ambassadors program! You rock!

You will be representing the schools and programs of the Mohammed VI Polytechnic University throughout the academic year 2020 – 2021 in order to elect the UM6P SD Ambassador of the year by March 2021.

We were enthusiastic about your activism and it is time to start brainstorming your future actions.

We have been contacted by some of you and we appreciate the involvement, ambition and motivation you are already showing! **Gambatte !**

This mail serves as a wrap up about your mission as an SD Ambassador, we suggest you save this mail in your newly created "SDA Program" file in your computer to always come back to it,

MISSION

Your mission will be highlighted as an Educator, Influencer, Animator, Federator, and Facilitator for your peers, you will be leading actions and initiating discussions around sustainability.

ROLES

This leadership mission will be driven by a collective and collaborative impact and your role should always be based on friendship, peer education, activism, teamwork and being a role model.

TIMELINE

1st phase

As an SD ambassador, this journey will start by the **challenge of sustainability**, we suggest that you organize workshops around Sustainable Development, SDGs, Sustainability around campus and soft skills to your peers in order to make your mission more clear and easier for others. You can hold these trainings online during The month of July.

- **1st week: SDG workshop**
- **2nd week: a soft skill workshop**
- **3rd week: brainstorming session** : You will initiate a brainstorming session with your schoolmates in order to decide your future actions.

2nd Phase

Throughout the academic year 2020/2021, you can :

- Lead 3 actions
- Invest 4 hours/week or 16 hours/month

The number of engaged students, actions and invested hours will be one of the strong KPIs (Key performance indicator) during the elections.

- ↑ number of actions-Initiatives/year;
- ↑ % of engaged and active peers;
- ↑ % of invested hours.

The Sustainable Development Department will accompany you through your mandate with Monthly recap and mentorship meetings and the DD FUND (It will be rewarded to the selected projects respecting the highlighted criteria in the Annual Training)

INITIATIVES

The canvas of initiatives is indeed diverse but always sustainable, try to always implement a sustainable measurable impact, we suggest:

- Sustainable awareness campaigns: Around the campus, Online with a hashtag
- Community service programs;
- Life skills program;
- Workshops & Webinars...etc.

About :

- SDGs
- Recycling
- Waste Management
- Education for all
- Gender Equality...etc.

REPORT

You will find attached to this mail a template of the SDA Activity report that **you have to send after each organized activity.**

MSN - Materials Science, Energy & Nano-Engineering Master (Science, Technology and Innovation Institute)

1st workshop: Sustainable Development Workshop

The MSN sustainable development ambassadors organized the SDGs workshop to engage their peers in the advancement and the implementation of sustainable development. They discussed the general concept of sustainable development and presented an overview of the 17 UN Sustainable Development Goals.

This workshop was also a introductive brainstorming session of the future actions based on one of the 17 UN Sustainable Development Goals in order to make the community aware of the necessity of leading action and looking for solutions.

CBS - Chemical & Biochemical Sciences. Green Process Engineering (Science, Technology and Innovation Institute)

The CBS sustainable development ambassadors organized two workshops about Sustainable Development and Soft skills. The 1st workshop was an initiation of the sustainability concept to the students, the session was highlighted by a debate about climate change, its causes, gender inequalities, food and fashion waste. Moreover, the daily simple gestures that anyone can adopt were also brought up to minimize the carbon footprint of the peers. The 2nd workshop tackled the concept of soft skills and their importance in the professional field nowadays.

TR: Workshops dans le cadre du programme "Ambassadeurs du développement durable à l'UM6P"

À Maroua AMEZIANE

Les étudiants M1, vous savez déjà comme je vous aime et comme vous me manquez, pas la peine d'en ajouter plus :')

Donc,

Le sujet principal du mail est le suivant:

Comme certains d'entre vous le savent déjà, Achraf et moi, nous faisons partie du programme "Ambassadors of sustainable development at UM6P". Ceci veut dire que dans les mois qui suivent, nous allons devoir organiser des activités visant à populariser le concept des ODD (objectifs du développement durable) auprès des étudiants de l'université, en mettant l'accent sur les étudiants CBS vu que c'est notre département.

Parmi ces activités, deux workshops qui auront lieu **vendredi 7 Août, à 18:00** sur **Teams**, sur le thème "**Développement durable au campus**".
Le deuxième, le **dimanche, 9 Août, à 11h**, sur **Teams** également, sur le thème des "**Soft Skills**".

Les deux workshops seront animés (et ont été préparés avec soin) par Achraf et moi, et seront délivrés sous forme de présentation et débat, nous serons plus qu'heureux de débattre avec vous!

Tout l'honneur de vous avoir est le nôtre!

À très très bientôt!

Bien à vous,
El Battoul

P-S: Les liens des réunions vous seront envoyés dans les jours qui suivent, stay tuned !

MSDA/CSHES - AI Khwarizmi Et Modeling, Simulation & Data Analysis (Science, Technology and Innovation Institute)

The CSHES ambassador has made a video and shared it with her peers in her master's program in order to engage them in her mission as an ambassador of sustainable development at the UM6P Campus.

The video displays the importance of SD in UM6P, a general overview of it, SDGs and their indicators. After the video, the ambassador shared a form for the interested students to join her on the mission of making their school and the campus sustainable.

Chers collègues & change makers ,

Parce que ce ne sont pas les plus forts qui survivent, ni les plus intelligents, mais ceux qui sont les plus rapides à s'adapter au changement, et parce que L'essentiel est de ne pas se laisser entraîner par la gravité du monde, sa lourdeur, rester léger, en équilibre, dans la juste tension. Par ce que le Développement Durable, notamment des sociétés africaines, est au cœur des objectifs stratégiques de l'Université Mohammed VI Polytechnique (UM6P), Par ce que l'UM6P vise à former des étudiants promoteurs de changements à travers le prisme du Développement Durable.

Nous avons l'honneur et le privilège de vous convier à notre premier workshop **le 27 Aout 2020 à 19 :00 pm sur Microsoft teams sur le thème : les objectifs du développement durable**

Animé par les ambassadeurs d'ILO (**ILO GREEN AMBASSADORS**), le débat sera l'occasion d'aborder les différents aspects du sujet proposé. Vous aurez l'opportunité de poser vos questions et d'échanger entre vous, les ambassadeurs se feront une joie de répondre à vos questions et se seront attentifs à vos demandes . Nous nous tenons à votre entière disposition pour tout renseignement complémentaire concernant ce Workshop. Convaincus que votre contribution sera très bénéfique, nous nous réjouissons de votre présence.

LET'S LEARN TOGETHER

FOR A SUSTAINABLE FGSES

FGSES 6 The Faculty of Governance and Political, Economic and Social Sciences

The FGSES Ambassadors workshop organized a one-hour workshop, it was divided in three parts:
1- presentation of the SDGs timeline;

2- presentation of the 17 SDGs;

3- Initiatives that could be implemented by the FGSES students to help achieve the SDGs

As only 42% of the people have heard about the SDGs and far fewer know what they stand for, the workshop aimed to explain the SDGs.

Moreover, the workshop highlighted some actions that could be taken right away to help achieving the SDGs, for instance, encouraging the students to join the students' clubs or create new ones at campus.

Finally, they encouraged the peers to use the skills they develop at school to help make a positive change in their communities

Workshop: Sustainable Development Goals

À L1/FGSES, L2/FGSES, M1/FGSES

Cc Ikhlasse MAHDOUBI; Houyame HAKMI; Asma AARAB; Maroua AMEZIANE; DD-com

Dear students,

You are empowered with the skills and the opportunities needed to be a driving force in supporting development and contributing to peace and security in your country, Africa as well as the world at large.

As FGSES students, together with your future engagement and with adequate resources in your hands, you are given the potential to transform the world as effectively as possible into a better world for everyone.

We are ready to reach whatever we want and being the change we want. The future of the world is in our hands, it is our responsibility and duty to preserve it and to make it a better place for each living creature.

If we could harness our potential as young people - our creativity, idealism and numbers - we will launch the largest sustainable development movement in history. Our journey will begin by holding a workshop you are invited to attend on Friday at 4:00 p.m. The workshop - which aims to present the 17 goals of sustainable development - will outline actions that can be taken now to confront the challenges of sustainable development.

Best Regards,

SDP - FGSES AMBASSADORS

ESAFE - School of Agriculture, Fertilizers and Environmental Sciences

The ESAFE SD Ambassadors organized a SUSTAINABLE AGRICULTURAL FORUM. It was held online the 28th August 2020 via the ESAFE Youtube Channel from 12h00 to 2h00 pm under the theme: "African Youth's participation in Sustainable Agriculture: Obstacles and Opportunities".

After the presentation of the SDGs and UM6P implication about sustainable development, 5 panellists (3 women and 2 Men) with different backgrounds shared their thoughts related to the topic and answered different pertinent questions of the audience. They

were able to engage not only students but also professors and researchers of UM6P. The number of attendances reached 70 (Professors, students, PhD student, agribusiness entrepreneurs, researchers, etc...) and the views presently (30/08/2020) is 450.

This Sustainable Agricultural Forum was raising awareness about the importance of the SDGs especially for African agriculture and that involving youth in agriculture is very important because agriculture is essential to the survival of every community by providing food, fibre and raw material for industries.

The poster features a photograph of a man in a white shirt and cap pouring fertilizer from a bag into a hole in the soil, while a woman in a white shirt and green hijab crouches nearby. The background is a green field with a wind turbine in the distance. The text on the poster includes the logos for Mohammed VI Polytechnic University, Sustainable Development, and ESAFE (School of Agriculture, Fertilizers and Environmental Sciences). The main title reads "ESAFE SUSTAINABLE DEVELOPMENT AMBASSADORS PRESENTS SUSTAINABLE AGRICULTURE FORUM" with the theme "AFRICAN YOUTHS' PARTICIPATION IN SUSTAINABLE AGRICULTURE: OBSTACLES AND OPPORTUNITIES". The event date and time are "28 AUGUST, 2020 12.00 - 2.00 PM". A call to action says "LET'S JOIN FORUM" with social media icons and the website "www.esafe.um6p.ma".

Hello SAP+D students,

I hope you are managing well with the current situation and your loved ones are staying safe.

We are Ammar Soufiame and Diani Oumaima, and we have been selected to be SAP+D ambassadors for **sustainable development**. The sustainable development department has launched a sustainable development program with the vision of creating a [culture of sustainability on our UM6P campus](#).

This program aims to ensure that the SD component is taken into account by everyone at all levels. Through a mission based on individual examples, research, and training, our objective is to achieve our defined sustainable development goals by 2030.

We are excited to introduce [exclusive workshops and training](#) that will help you develop yourself on a personal and professional basis.

We'll get back to you soon with more details.

Best regards,

AMMAR,
