## FRIGO SOLIDAIRE UM6P THE FIRST IN MOROCCO

Within the framework of the SD Fund, the Sustainable Development Department is launching "FRIGO SOLIDAIRE UM6P" in collaboration with Facility Management and the Health Center. It is installed near UM6P Shop and Student Hall at the atrium where you can share your food with the UM6P community wishing to enjoy it for free.

This project is part of a social initiative that aims to fight against food waste and instill solidarity within the UM6P community.

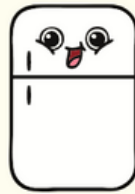

The health center ensures a periodic control to make sure all food items are healthy and good to eat.
