BIKING

Coast Bikes

Coast bikes, powered by HOPR, are designed for trips in and around campus. Keep the car parked, use Coast as a last mile connector when using transit, or hop on for all of your trips! Download the free HOPR Transit app, scan the handlebar's QR code, and go!

Bike and Skateboard Repair

Bikes need love, too. Our student bike pros are located (outside) at the back of the Campus Recreation Center (REC). They can help with everything from flat tires to major repairs.

Follow these steps to get those wheels spinning after a pandemic hibernation:

1. Bring your bike to the back of the REC (near the Pit)
2. Scan a QR code and give us your details
3. Wait right there for quick fixes (e.g. air in tires)
4. Leave your bike with us for more complex repairs
5. Check your email for updates
6. Pick up your rejuvenated wheels

If the weather is rough, our team will not be stationed outside. You can still bring your bike. You'll see signage on the ramp with our phone number (813-974-5557). A member of our team will come out to meet you and pick up your bike.
