Dear AASHE and STARS

I have led and carried out an assurance process that provides independent affirmation that the information in NUI Galway's current STARS report is reported in accordance with credit criteria. My suggestions and comments were conveyed to the responsible person for each of the categories. After their corrections I have completed the uploaded excel and assurance process. At time of writing only PRE 1 and PRE 2 need to be completed and I am informed these will be done in the number of few days.

This is my affirmation that the report has been reviewed in full by myself and that all identified inconsistencies and errors have been successfully addressed prior to submitting it to AASHE.

Yours Sincerely

Vincent Carragher
Office of Deputy President and Registrar,
