STARS Steering Committee  
Association for the Advancement of Sustainability in Higher Education  
2401 Walnut St. #102  
Philadelphia, PA 19103

Dear Steering Committee Members,

I am pleased to present Brooklyn College's first Sustainability Tracking, Assessment and Rating Systems (STARS) submission to the Association. We request that the Association consider this as a placeholder letter stating our institution's commitment to sustainability.

Our College's perspective on sustainability has been reshaped by the reality of our time. With in-person classes at it's fullest since March 2020, our leadership is recommitting the campus to seek improved resilience and a more sustainable future. We believe that this STARS report submitted reflects the dedication of the President, the administration, and the Campus Sustainability Council team.

Thank you for your review and consideration in the 2021 Sustainable Campus Index.

Respectfully,
