Sustainability - what do you know and do?

Part of your student journey at the Robina Campus will involve learning about, and how to adopt sustainability practices. This is part of TAFE Queensland's commitment to the United Nations Sustainability Development Goals.

To help us evaluate our progress, each student will be asked to complete this survey at the start of their study and then again, approximately 4-5 months later.

Your privacy is important to us. Your student ID number is requested to help us study the improvement trend only. Your details will not be shared and any data published will be group information and not individual data.

Please record your student identification (ID) number. Your number is only required for evaluation of data and will be protected as per privacy legislation.
