

7 September 2023  
STARS Steering Committee  
Association for Sustainability in Higher Education  
Suite 102, 2401 Walnut Street Philadelphia, PA, USA

Dear Members of the STARS Steering Committee,

I write to you to provide my endorsement of TAFE's ambitious pursuit of international accreditation in sustainability. Our partnership in promoting sustainable practices, particularly in increasing active travel for students and staff, has been inspiring.

The initiatives we have undertaken together not only reduced our environmental impact but have also fostered healthier lifestyles within the school community. TAFE's efforts should be a model for other institutions.

If there is any way I can further assist TAFE on this journey, please do not hesitate to reach out.

Yours sincerely

Eamon McKay
