To whom it may concern

This is a letter to confirm that the University of Tasmania Sustainability Team has reviewed The TAFE Gold Coast - Robina Campus submission to the Sustainability Tracking, Assessment, and Rating System (STARS) in full. Identified inconsistencies and errors have been successfully addressed, except in four cases (AC1, AC8, EN3, OP7) where status was unclear due to differing interpretation of the credit requirements.

Please contact Carmen Primo Perez, Senior Sustainability Officer at Carmen.Primo@utas.edu.au if you have any questions or concerns.

Kind regards

Carmen Primo Perez
Senior Sustainability Officer
