How can you help Tufts reach these goals?

1. Take sustainable transportation
2. Recycle properly
3. Become an Eco-Ambassador
4. Get Green Office Certified

- 
- A photograph of a man and a woman sitting at a table in a conference or networking event. The man, on the left, is wearing a blue and white checkered shirt and is gesturing with his hands while speaking. The woman, on the right, is wearing a grey cardigan over a yellow top and has a name tag that reads "Sarah Iacobucci, 2011 Eco-Ambassador, Chemistry, Tufts.edu". They are both looking towards each other. In the background, other people are seated at tables, and the setting appears to be a bright, indoor space with large windows.
- Be a leader and change agent
 - Enhance your professional development
 - Connect with other Tufts employees

Become an Eco-Ambassador

NEW RECYCLING RULES

AUGUST 2018

Tufts Office of Sustainability

sustainability.tufts.edu

New Recycling Rules - Throw Out Your Plastic Cups

Due to high contamination levels of recyclable materials, the Massachusetts DEP has recently announced new recycling rules. One major change is that plastic cups (both clear AND colored) will no longer be accepted in our recycling...

Recycling At Tufts

Find out how and where to recycle here at Tufts on the Facilities Services' Recycling and Waste Management website. There, you will also find information about the composting program.

Tufts University Eco Map

The Tufts Eco Map illustrates all sustainability-related locations on campus including composting bins, zip cars, bike racks, public transportation stops, hydration stations, electric vehicle charging stations and more!

Sustainability Newsletter

The Office of Sustainability's monthly newsletter highlights recent sustainability-related news from both on and off campus, upcoming events, job postings, and other content relevant to anyone in the Tufts community.
