*since 1880*

*Building a Bicycle Friendly America for everyone*

November 21, 2016

Bryan Weis  
University Colorado Boulder  
Environmental Center  
University Memorial Center, 207 UCB  
Boulder, Colorado 80309

Dear Bryan,

Congratulations to University of Colorado Boulder on receiving the Bicycle Friendly University designation at the Gold level. This award is presented only to campuses with remarkable commitments to bicycling.

I have enclosed your award certificate and the BFU award road sign.

The award will be current for four years so your designation will be up for renewal in 2020. At that point your institution will be reevaluated so we urge you to make as many improvements as possible in the meantime!

If you would like to order additional Bicycle Friendly University road signs or promotional materials, please visit [www.bikeleague.org/store](http://www.bikeleague.org/store)

Once again, congratulations on your efforts to create a great Bicycle Friendly University.

Sincerely,

Bill Nesper  
Vice-President, Programs  
League of American Bicyclists
