Re: Updated Sustainability Tracking, Assessment & Rating System report

To Whom It May Concern:

As president of Saint John's University, I have reviewed our most recent Sustainability Tracking, Assessment & Rating System (STARS) submission as prepared under the direction of Jacob Saffert, SJU Sustainability Fellow.

I affirm that to the best of my knowledge the information gathered and submitted on behalf of Saint John's University by Mr. Saffert is accurate and complete.

Sincerely,

Michael Hemesath  
President
