To Whom It May Concern:

The North Texas Corporate Recycling Association (NTCRA) is a not-for-profit 501(c)(3) organization. The NTCRA exists to promote recycling and the use of recycled goods to area businesses through leadership, advocacy and education.

NTCRA is a volunteer-driven membership organization that relies on strong partnerships within the North Texas Region to help deliver successful education and outreach programs. Together, NTCRA and the University of Texas at Arlington Office of Sustainability (Institute for Sustainability and Global Impact) have supported each other in providing learning environments for the region. This includes the annual **Degrees of Recycling** forum, presented and co-sponsored by ISGI and NTCRA, on the UTA campus.

I look forward to continuing this relationship for many years to come.

Respectfully yours,

Lora Hinchcliff, President
