

Thank you for applying to the League of American Bicyclists' [Bicycle Friendly University](#) (BFU) program last Fall!

After careful review of your 2021 application, and in consultation with local cyclists and advocates, I am pleased to inform you that University of Texas at Arlington is awarded a **Bronze** BFU designation. Congratulations! You should take great pride in the bicycle friendly campus you have created for your students, employees, and visitors!

The official announcement of the 2021 BFU Awards will be made on **Wednesday, March 9**, through the distribution of a national press release and online at www.bikeleague.org. ***We appreciate you keeping the news of your award private until then so that we may have a more effective and impacting message.*** We hope that you too will announce your designation on March 9.

Included below are links to an announcement toolkit for your use, along with the 2021-2025 Bronze BFU award seals.

In the coming weeks, detailed feedback on your application will be sent via email and you will receive a Bicycle Friendly University award letter and certificate in the mail. If you would like to order additional materials to promote your BFU designation, [please visit our online store here](#).

Your award designation is good for four years, through 2025, after which time you will be reminded to renew. You are welcome to renew before then if your campus makes considerable improvements and would like to be considered for a higher designation.

Congratulations again on your efforts, and I look forward to our continued work!

Best,

Amelia Neptune
Director, Bicycle Friendly America
League of American Bicyclists
