

OFFICE OF THE PRESIDENT

March 1, 2024

Dear AASHE Board of Directors and STARS Review Committee:

Western Kentucky University has been a proud member of the Association for the Advancement of Sustainability in Higher Education since 2008. AASHE resources are invaluable in our efforts to create a more sustainable university. Students, faculty, and staff attend the AASHE annual conference each year and return inspired and energized by the experience.

As a STARS charter member, we are pleased to submit our fifth report. We recognize that participation in STARS allows us to benchmark our progress, but more importantly, it helps drive our determination to improve our performance in ways that are informed and impactful.

The information provided in this WKU STARS submission was researched and compiled under the direction of Sustainability Coordinator Dr. Leslie A. North. Dr. North was assisted by students, faculty, and staff in collecting and providing data and information for the report. I am confident that the information found within this report is accurate and complete.

Sincerely,

Timothy C. Caboni

President
