

I, Weston Dripps, attest that I conducted an independent review of all credits that Furman University is pursuing, documented in the STARS Review template, and checked that:

- a. All required reporting fields, attachments, inventories, and URLs are included;
- b. Reported information meets credit criteria and is consistent with required timeframes;
- c. Reported figures are consistent across credits (e.g., between the Institutional Characteristics section and specific credits that require similar figures) and that any inconsistencies are explained.

The STARS Liaison, Laura Bain, addressed the inconsistencies or errors identified during the review by updating information in the Reporting Tool and documenting in the template that the issues have been addressed.

I affirm that the submission has been reviewed in full and that all identified inconsistencies and errors have been successfully addressed.
