

Default Question Block

Welcome to the **2015 CSUCI Environmental Sustainability Literacy Assessment**. By completing this you will be helping our campus better understand and evaluate the success of CI's sustainability-related efforts and initiatives.

Your responses are anonymous. This survey will take you approximately 10-15 minutes to complete.

The data we collect here will be used internally at CI and included in certain assessment processes that will be distributed outside CI.

*Questions regarding this survey can be directed to Dr. Sean Anderson:
sean.anderson@csuci.edu*

Thanks for taking the time to help us better understand the goings on related to sustainability at CI!

SECTION II. CONCERN FOR ENVIRONMENTAL SUSTAINABILITY

The following questions have been designed to understand your individual view of Environmental Sustainability and how it can best be achieved.

Please evaluate the following statement:

Protecting the Environment is one of the most important issues in my life.

Strongly Agree	Agree	Neither Agree nor Disagree	Disagree	Strongly Disagree	unsure/I do not know
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Please evaluate the following statement:

We face environmental threats that are real and must be dealt with as soon as possible.

Strongly Agree	Agree	Neither Agree nor Disagree	Disagree	Strongly Disagree	unsure/I do not know
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

In your view, how well do the following statements match with your understanding of the goal of Environmental Sustainability:

Please rank them in order from best (1) to worst (5) match. Use your mouse to shift the order of these.

Conserving all ecosystems vital to the health of humans.

Going "green"

By reducing our environmental impacts, we will be saving money in the long term.

Meeting the needs of current generations without diminishing the ability of future generations to do the same.

Saving all threatened and endangered species.

How important are the following actions in achieving environmental sustainability?

Technological innovation:

Dramatic change of those currently in government:

Maintaining a healthy economy is more important than protecting the environment.

SECTION IV. CI and ENVIRONMENTAL SUSTAINABILITY

The following questions explore your understanding of campus sustainability initiatives and your support for those programs.

Should Environmental Sustainability be a major priority for our campus?

Yes
 No
 Unsure/I don't know

Are you interested in seeing CI becoming powered by renewable energy (e.g. solar, wind).

Use your mouse to click and drag your rating selection 1=do not want, 5=definitely enthusiastic!

	0	1	2	3	4	5	<input type="text"/>
Renewable Energy for the campus							

Would you be willing to see student fees increase to have some percentage of our campus energy come from a "clean" energy source (e.g. solar, wind)?

Yes
 No
 Unsure/I don't know

How large a tuition increase would you be willing to pay to support "cleaner" campus energy?

	0	10	20	30	40	50	<input type="text"/>
Additional \$ per semester							

How often you used one of CI's water filling stations over the past week.

Always Most of the Time Sometimes Rarely Never Unsure/I don't know

Most of our our food options at CI are...

	Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree	Unclear/I don't know
of high quality.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
sustainable.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

When in campus offices, classrooms, etc. I find the temperature comfortable.

Always Most of the Time Sometimes Rarely Never Unsure/I don't know

Over the past week, when I printed items for school, I:

Used my Dolphin Dollars Used my own personal printer I used a free printer in a lab/office I did no printing Unsure/I don't know

I think our CI landscaping is:

Good Fair Poor Unsure/I don't know

Would you be supportive of a CI effort to shade our parking lots with solar power arrays?

Very supportive Somewhat supportive neutral Somewhat unsupportive Unsupportive Unsure/I don't know

Would you be supportive of a CI effort to install microwind turbines on campus?

Very supportive Somewhat supportive neutral Somewhat unsupportive Unsupportive Unsure/I don't know

Would you be supportive of a CI effort to install equipment or treatment wetlands on campus to clean-up our waste water to drinkable quality water?

Very supportive Somewhat supportive neutral Somewhat unsupportive Unsupportive Unsure/I don't know

Should CI install power and water meters within all buildings to record the amount of energy and water we used within each structure?

Yes Maybe No Unsure/I don't know

Have you ever heard of LEED Certification or the US Green Building Council?

Yes Maybe No Unsure/I don't know

Should CI be pursuing LEED Certification for our campus buildings?

Yes Maybe No Unsure/I don't know

Should CI require all new buildings to be "climate neutral" (contributing no net CO₂ emissions to the atmosphere via the construction or routine operation of a structure)?

Yes Maybe No Unsure/I don't know

Are you familiar with CI's Energy Dashboard?

Yes No Unsure/I don't know

Are you familiar with CI's STARS rating?
