Quick Facts

- **May 14 - May 22, 2022**
- Cultural and immersion experiences in Singapore
- Earn 3 credits as Spring C 2022 course (online and in-person)

Learn about the history, the cultural influences, the eco-environment (for humans, for wildlife) of Singapore. Singapore, an extraordinary city-state in SE Asia, maintains one of the world's most advanced economies while earning recognition as the 11th most sustainable city on Earth. Students will learn the value of local knowledge and apply critical-thinking skills towards innovative solutions.

Singapore is working to green 80% of their buildings by 2030 to become one of the world's greenest cities in the future. It's considered the greenest city in Asia. It's one of the leaders in having trees in the area. Nearly 40% of Singapore's water is recycled water that's been purified and treated. With this momentum, the city is sure to become a leader in sustainability for years to come. <https://thesustainablelivingguide.com/most-sustainable-cities/> (https://thesustainablelivingguide.com/most-sustainable-cities/)

Before you apply, we encourage you to **download and read the infographic (https://studyabroad.asu.edu/_customtags/File_ID=0403767776773F07767170750403721C7D0C) that outlines some key expectations for participants or.*

Program Snapshot
