ASU Design

Our charter drives all we do

ASU is a comprehensive **public research university**, measured not by whom it excludes, but by **whom it includes** and **how they succeed**; advancing **research and discovery** of public value; and assuming **fundamental responsibility** for the economic, social, cultural and overall health of the **communities it serves**.

The ASU design aspirations guide the pursuit of our charter

Leverage Our Place

ASU embraces its cultural, socioeconomic and physical setting.

Transform Society

ASU catalyzes social change by being connected to social needs.

Value Entrepreneurship

ASU uses its knowledge and encourages innovation.

Conduct Use-Inspired Research

ASU research has purpose and impact.

Enable Student Success

ASU is committed to the success of each unique student.

Fuse Intellectual Disciplines

ASU creates knowledge by transcending academic disciplines.

Be Socially Embedded

ASU connects with communities through mutually beneficial partnerships.

Engage Globally

ASU engages with people and issues locally, nationally and internationally.

We are embracing a new ASU design aspiration

Practice Principled Innovation

ASU places character and values at the center of decisions and actions.

The ASU design aspirations now call for responsibility and principles

Leverage Our Place

ASU embraces its cultural, socioeconomic and physical setting.

Transform Society

ASU catalyzes social change by being connected to social needs.

Be Socially Embedded

ASU connects with communities through mutually beneficial partnerships.

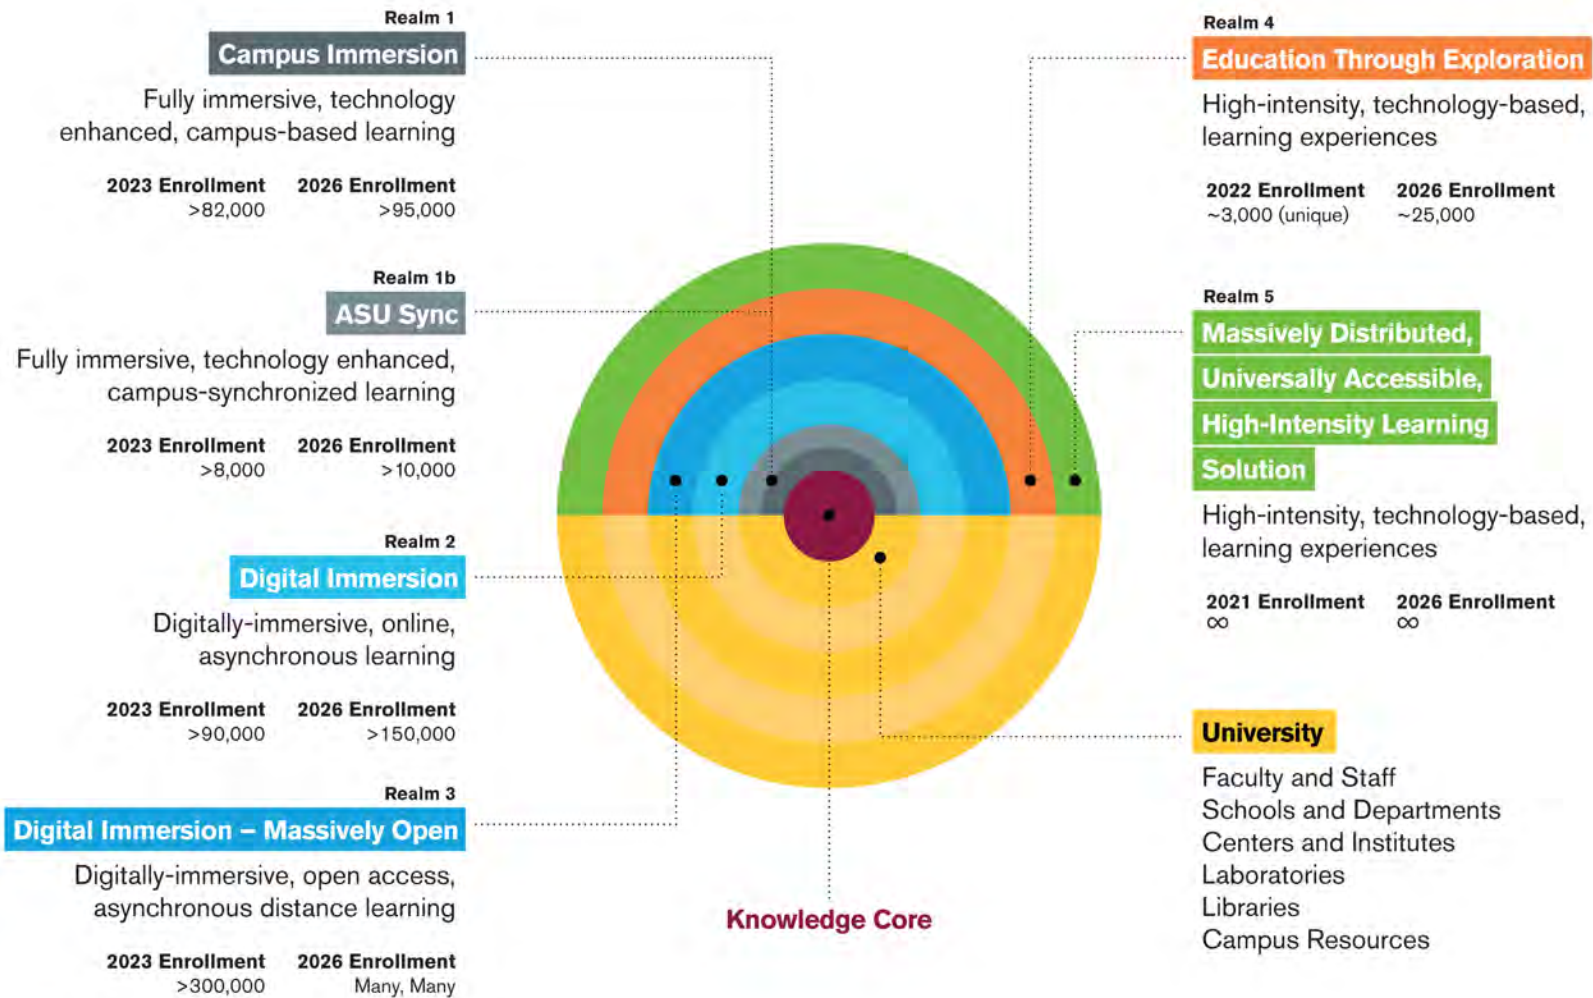

Engage Globally

ASU engages with people and issues locally, nationally and internationally.

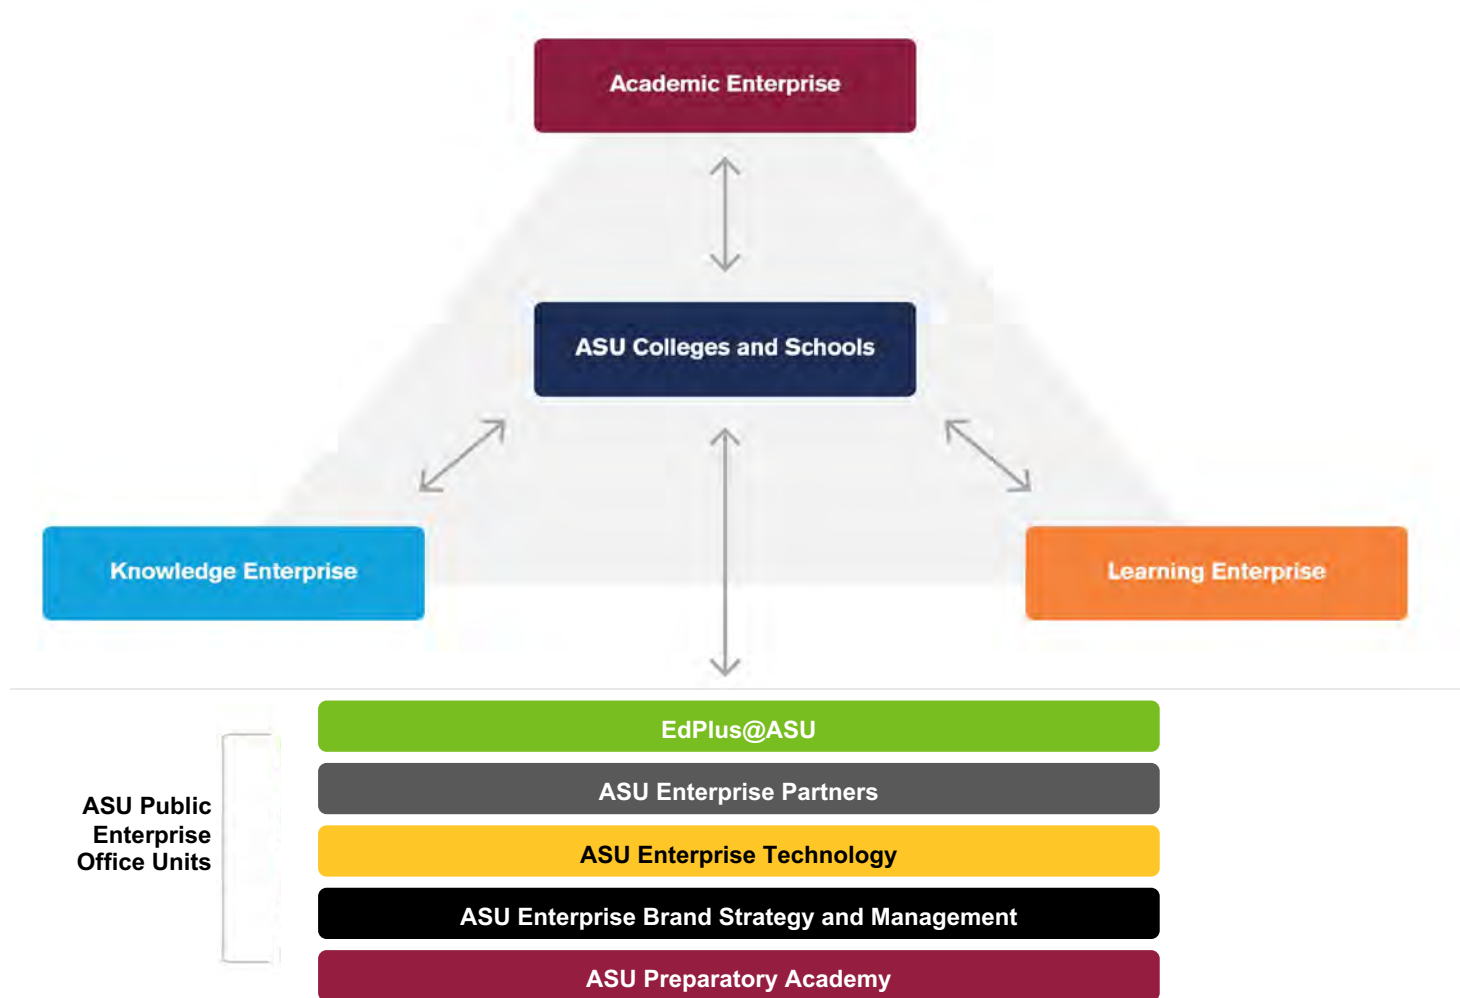

Practice Principled Innovation

ASU places character and values at the center of decisions and actions.

ASU's five realms of teaching and learning support student success

The three domains of the ASU Public Enterprise collaborate to accomplish our mission

ASU Mission and Goals

ASU mission and goals make clear our expectations

Demonstrate **leadership** in enabling academic excellence and accessibility at scale

Establish **national standing** in academic quality and impact of colleges and schools in every field

Expand **ASU's role as the leading global center** for interdisciplinary research, discovery and development by 2028

Enhance our **local impact** and social embeddedness
