Chris Pelton
STARS Program Manger
2401 Walnut St Suite 102
Philadelphia, PA 19103

Dear Mr. Pelton:

Please allow this letter to serve as confirmation that our office has completed an external review of Missouri State University's (MSU) most recent campus sustainability performance assessment conducted via AASHE's STARS framework.

Staff in our office conducted the review, which included reviewing all credits being pursued for:

- inclusion of all required reporting fields, attachments, inventories, and URLs;
- alignment with credit criteria and consistency of reporting timeframes; and
- consistency of reported figures across credits and the adequate explanation of any remaining inconsistencies.

We documented all our review results in the STARS Review Template, which you will find attached to the pertinent credits.

During our review, we noted some issues, which were documented on the template and communicated to MSU's STARS Liaison. All mentioned issues have since been addressed, and final determinations have been recorded in the review template.

We enjoyed learning about the many wonderful efforts at MSU and participating in the external review process. Please do not hesitate to reach out to our office with any questions or concerns.

Sincerely,

Amy Strickland
Sustainability Manager
