The following is a very simple description of the computer and associated electronics purchased in FY 18-19.

The purchases were made through Apple's Education website and Dell Premier.

All products are of the energy rating GOLD.

Apple Computers and Tablets : \$110,300

Approximately 55 units

Dell Computers and Accessories: \$141,410

Approximately 117 units

If you need further information, let me know.

Thanks

Chris
