Sustainability Literacy Survey

The [Office of Sustainability](#) is submitting an updated report of our campus-wide Sustainability Tracking Assessment Rating System (STARS). Back in March 2018, [SDSU received a Silver rating](#), and we want to see where we stand now with our sustainability efforts! Also, we want to evaluate SDSU's overall opinions and views on sustainability-related topics.

We are randomly awarding Hydro Flasks and utensil kits to those who participate!

Take the [survey](#) in less than 5 minutes to win a Hydro Flask or a utensil kit and to put your knowledge about sustainability to the test!
