RE: Rocky Mountain College of Art + Design

RMCAD is proud to submit our campus sustainability assessment to the Association for the Advancement of Sustainability in Higher Education and their Sustainability Tracking Assessment & Rating System (STARS). RMCAD has been educating students in sustainable design for 12 years, however STARS has provided our institution with a framework to expand that sustainability beyond the classroom and to advance our adopted Sustainability Mission Statement.

This document represents the affirmation that the information provided in this STARS submittal to be accurate to the best ability of the Sustainability Coordinator and all members of the campus that cooperated and participated in gathering the information for this submittal.

Sincerely,

Maria Puzziferro, Ph.D.
