Dear STARS Steering Committee:

As President of Cleveland State University, I wish to affirm that the information submitted in our report for the AASHE Sustainability, Tracking, Assessment and Rating System (STARS) is a fair representation of current sustainability efforts on our campus.

CSU is taking a leading role among state supported schools in Ohio and urban schools in the United States toward campus sustainability. The STARS program is already paying dividends in our efforts to benchmark and measure our progress towards sustainability.

We appreciate the work AASHE is doing to advance sustainability on college and university campuses and are honored to be a part of this transformative change.

Sincerely,

Ronald M. Berkman
