

June 23, 2017

Dear Associate Provost Carfora,

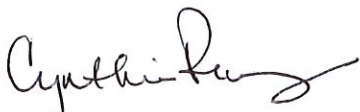

I am honored to report that, through the collaborative efforts of faculty and staff, Loyola Marymount University was awarded \$10.2 million dollars in externally sponsored projects in Fiscal Year 2017. It has been LMU's highest year in total awards (representing applications submitted in FY2017 and previous fiscal years), and these awarded grants and contracts included \$875,298 in indirect costs.

The number of new applications in FY 2017 was slightly below levels recorded in previous fiscal years; 95 applications were submitted by 53 faculty members serving in the role of principal investigator or project director. This represents more than \$21 million in funding requested that involved collaborations with significant numbers of LMU faculty and staff who contributed their expertise as co-creators, co-investigators and advisors.

The submissions and awards detailed in the following pages would not be possible without a strong working relationship between various LMU offices, including Post-Award Accounting and Administration (PAAA) and Corporate and Foundation Relations (CFR). The development and advancement of scholarly and creative projects also receives tremendous support from the faculty and staff who serve in other areas of the LMU Research Advancement and Compliance division, including the IACUC and IRB Committees, and the University Research Council.

More information about the programs and research projects that received external support in Fiscal Year 2017 is available on the ORSP website at www.lmu.edu/orsp.

Sincerely,

Cynthia Ruiz, M.A., C.R.A.

Assistant Director, Office for Research and Sponsored Projects
