

AASHE STARS Letter of Affirmation

Pre-Submission Review

May 7, 2021

To Whom It May Concern,

The University of Wisconsin-River Falls Office of Sustainability has been working on a STARS report for the past several months. We have served as reviewers of their report and can attest that we have completed a review verifying that content meets required criteria. We also checked spelling, grammar, and hyperlinks. While some of us helped with data collection, we did not review credits that we were involved with the data collection. All of us reviewed multiple credits with all credits being reviewed by at least two people. We completed two reviews of the entire report.

Our contact information is listed on the completed review template along with the sections each of us reviewed. Should you have any questions, please feel free to reach out to any of us.
