Association for the Advancement
of Sustainability in Higher Education
STARS Program

To Whom it may concern:

This is a letter of affirmation confirming that the information submitted by San José State University on behalf of the Dr. Martin Luther King, Jr. Library at San José State University is an accurate reflection of the Library's efforts towards sustainability. The Dr. Martin Luther King, Jr. Library is an innovative library and an ideal candidate for the receipt of Innovation Credits in the STARS Program.

Please feel free to contact me for a more comprehensive list of library programs, collections, exhibits and resources devoted to this initiative. I highly encourage you to examine the attachments provided, especially the article Going green at the library, and the two articles on the students in our Librarians for Tomorrow program (made possible by an innovative collaboration and a major grant from the Institute of Museum and Library Services).

Best Regards,

Ruth E. Kifer, University Library Dean
