

2022 Graduating Senior Sustainability Survey

ExpertReview score Fair

Default Question Block

Q1

Move 1 question

To better understand and meet the needs of our students and planet, SJSU is conducting a sustainability survey. The assessment focuses on awareness, student and culture. The information you provide will be used to make foundations on programming and resources that will support sustainability teaching and research on campus. Thank you for taking five minutes out of your day to participate.

You are being asked to participate in a research study investigating your sustainability opinions and awareness The survey is completely voluntary and confidential. It will take about 5 minutes to complete. Potential risks from participating in this study are no greater than those encountered in everyday life. You will not receive any direct benefit from this study. You will not be compensated for your participation. No service of any kind, to which you are otherwise entitled, will be lost or jeopardized if you choose to "not participate" in the study. Your consent is being given voluntarily. You may refuse to participate in the entire study or in any part of the study. If you decide to participate in the study, you are free to withdraw at any time without any negative effect on your relations with San Jose State University or with any other participating institutions or agencies.

Although the results of this study may be published, no information that could identify you will be included.

Questions about this research may be addressed to: Prof. Katherine Cushing. Phone: 408.924.6951, Email: katherine.cushing@sjsu.edu. Complaints about the research may be presented to: Lynne Trulio, Ph.D.: Chair, Environmental Studies, College of Social Sciences 408-924-5445. Questions about research subjects' rights, or research-related injury may be presented to: Associate Vice President, Graduate Studies and Research: 408-924-2480

Students who complete this survey will be entered into a raffle to win a \$25 visa giftcard!

By continuing with this survey, you indicate your consent to participation.

Q9

Q8. What is the primary source of energy on Earth?

- Fossil fuels
- Wind
- Sun
- Caffeine

Q10

Q9. What is the most common Greenhouse Gas?

Move 1 question to this question

- Nitrous oxide (laughing gas)
- Ozone
- Methane (natural gas)

Q11

Q10. What is the average total home water use for each person in the U.S.

- 20 gallons per day
- 30 gallons per day
- 40 gallons per day
- 50 gallons per day
- More than 60 gallons per day

Q12

Q11. SJSU is located on the traditional territory of what Native American tribe?

- Lakota
- Muwekma Ohlone
- Paiute
- Cheyenne

+ Add page break

Q13

Q13. Pollutants from a coal-fired power plant include all of the following except

- Oxygen
- Carbon Dioxide
- Mercury
- Arsenic

Q14

Q14. What is the mathematical relationship between average global surface temperature and atmospheric CO2 levels?

- Positively correlated (the relationship between two variables that change together)
- Negatively correlated (the relationship between two variables that change in opposing directions)
- They are not correlated in a meaningful way

Q16

As an alumni, would you be willing to give a donation that funds initiatives that reduce SJSU's impacts on the environment, for example: fund student projects, support student participation in sustainability conferences, survey implementation, student programming, student sustainability research, and/or student interns?

- Yes, >\$100
- Yes, \$100-250
- Yes, \$250-500
- Yes, <\$500
- No, I would not be willing to donate
