

Sustainability

Washington University in St. Louis

March 6, 2020

To Whom It May Concern:

Please accept our 2020 AASHE STARS report submission, which we have updated within the Reporter Status, focusing on the sections required by the Princeton Review.

Per the instructions posted in various places online, <https://stars.aashe.org/participate/> and <https://stars.aashe.org/participate/>, we would like to proceed with submission without the required cover letter from university leadership. As in past years, we have worked on behalf of the university to collect comprehensive, accurate data that reflects the sustainable operations and culture of the institution. If our understanding of the process is inaccurate, please do not hesitate to contact me and we will coordinate the cover letter at that time.

Thank you!

Cassandra Hage
Assistant Director
Office of Sustainability
