Computers and Hardware

Cornell Procurement Services has negotiated contracts with the specific suppliers to provide computers, networking equipment, peripherals, and miscellaneous computing accessories from specific manufacturers and suppliers. Details about the chosen suppliers are available by browsing the categories to the left.

Please refer to the individual supplier pages for the benefits of each contract, and direct all questions regarding these suppliers and services to Glenn Morey. If you have questions about a specific purchase order, please contact Debi Benson.

Cornell's preferred suppliers for computer hardware provide products that are ENERGY STAR compliant and meet Electronic Product Environmental Assessment Tool (EPEAT®) silver and/or gold standards. Cornell prefers to purchase EPEAT Silver or higher computers and monitors.
