

AASHE
STARS Review Team
Philadelphia, PA
stars@aaashe.org

To the AASHE STARS Review Team,

I, Andrew Pettit, CEO of AMP Green Solutions and Business Affiliate of the Association for the Advancement of Sustainability in Higher Education (AASHE) am writing to provide reporting assurance for the University of Virginia's Sustainability Tracking, Assessment, and Rating System (STARS) Version 2.2 submission.

As of March 3rd, 2021, I have provided an independent review and external audit of UVA's STARS Version 2.2 submission in accordance with guidance provided the STARS Technical Manual. I have identified inconsistencies and errors which have since been addressed by the responsible party. These are documented in the STARS Review Template which is included with PA-4 Reporting Assurance Credit Documentation.

Sincerely,

Andrew Pettit
