

Dear Stephanie,

Congratulations! Your application to renew Food Recovery Verification for Chartwells at Texas A&M University has been processed and approved.

Enclosed in this envelope is a new window sticker which can be put on the window of your establishment. This verification sticker will be a signal to your employees and customers that you support your local community by recovering and donating surplus food from your kitchen. If you'd like to purchase additional window stickers to display, please send us an email at foodrecoveryverified@foodrecoverynetwork.org.

As you continue to be a part of the Food Recovery Verified network, we want to spread the word! Send a picture of your team with your new window sticker, or any other content that you would like to highlight, to our email and we'll share it on Twitter and Facebook.

Your verification status is valid for one year and will expire on **1/1/20**. In one year you will have to apply to renew your verification status. As FRV grows, we want to be increasingly involved with our accounts. Therefore, we will be reaching out to you throughout the year to see how your recovery program is going, to have you share success stories and to remind you, when the time comes, to apply to renew your verification.

If there's anything else that we can do to let people know about your food recovery efforts or support your program in any way, please don't hesitate to reach out to us. Our mission is to distinguish you as a food recovery pioneer, fighting waste and feeding people—let us know if we can help achieve that mission with you.

Thank you,

Food Recovery Verified
