**UBC INNOVATION CREDIT #4 LETTER**

To Whom It May Concern:

As Associate Director of the Teaching & Learning Office of the UBC Sustainability Initiative, I am responsible for supporting and advancing UBC's diverse curricular and co-curricular sustainability education efforts.

As part of my portfolio, I am the UBC coordinator for the annual Greenest City Scholars Program. This program was launched in 2010 as the first initiative of a partnership between the University of British Columbia and the City of Vancouver to advance both UBC's and the City's aggressive sustainability and climate action goals. Each summer UBC sponsors 10 graduate students to work with the City of Vancouver to help meet the city's ambitious environmental goals.

I confirm that the Greenest City Scholars Program meets the criteria of the ASSHE STARS Innovation Credit.

If you have further questions regarding the Greenest City Scholars Program, please feel free to contact me.

Sincerely,

A handwritten signature in black ink that reads "Jean Marcus".

Jean Marcus  
Associate Director, Teaching & Learning  
UBC Sustainability Initiative
