---

Good Morning Lani,

We do mention the hydration stations and recycling bins on our campus tours. We mention what a diverse campus we have in a few presentations as well.

I'm not sure we discuss energy, water, or food waste?

If you have any other questions please let me know! Thank you!

**Subject:** STARS Report Question

**Importance:** High

Hi, can you give me the name of someone to ask a few questions related to orientation? I am filling out a report and need to know if there are any items related to sustainability in orientation for new students and transfer students.

These could be about diversity, food waste, recycling, energy, water etc.

Thanks!

Best,  
Lani
