RE: Weber State University's STARS submission

To Whom It May Concern:

Thank you for the opportunity to participate in the Sustainability Tracking, Assessment and Rating System™ (STARS) program. We have found the program and the reporting tool to be very valuable guides as we work towards our goal of becoming a sustainable campus. On behalf of Weber State University, I am pleased to submit our STARS sustainability self assessment and affirm the accuracy of the data provided.

You will see from our report that WSU is making significant progress in all three STARS categories. We do understand there is much work to be done and look forward to the opportunity to improve our level of sustainability.

Sincerely,
