Institution-affirmed production

An exemption from the certification/verification requirement is granted to producers who are engaged in sustainable production, but for whom certification is either not accessible or not cost effective (e.g., campus farms/gardens and small producers).

Total expenditures on institution-affirmed products
READ ONLY. DO NOT EDIT.

Name of the farm, boat, or harvester	Product description/type	Source	Supplier/intermediary (if not directly sourced)	Institution affirms that the production methods are consistent with:	Evidence on which the affirmation is based (e.g., site visits or documentation from the producer)	Total Spend
College Gardens	Herbs & Produce	Forbes Garden Project	n/a	Principles of organic agriculture (IFOAM)	Garden manager has verified that organic m	4%
Harbor Banks	Crabmeat, Blue Swimming		USFoods	FAO Code of Conduct for Responsible F	MSC FIP	3%
	Artisinal Ice Cream & Sorbet	The Bent Spoon	n/a	Principles of organic agriculture (IFOAM)	Long standing relationship with vendor and site visits	82%
Sea Rage	Clams		P&G Trading Company	FAO Code of Conduct for Responsible F	affirmed by supplier	6%
Eastern Shore	Clams		P&G Trading Company	FAO Code of Conduct for Responsible F	affirmed by supplier	3%
	Golden Tilefish		P&G Trading Company	FAO Code of Conduct for Responsible F	affirmed by supplier	3%
						100%

To qualify, ALL of the following criteria must be met:
1) The product is single-ingredient (e.g., apples, coffee, fish).
2) The product is sourced through a short food supply chain (SFSC) that provides full traceability from identified farms, boats, or harvesters to the institution.
3) The institution is able to affirm (e.g., through site visits or documentation from the producer or intermediary) that the production methods used are consistent with the principles of organic agriculture articulated in IFOAM COROS, the FAO Code of Conduct for Responsible Fisheries, or the principles of fair trade adopted by the World Fair Trade Organization (WFTO).

STARS 2.2 Food and Beverage Purchasing Inventory

Plant-based foods

Total expenditures on plant-based foods

READ ONLY. DO NOT EDIT.

Plant-based foods include fruits and vegetables (produce); whole grains; beans, other legumes (pulses), and soy foods; nuts and seeds; plant oils; herbs and spices; simple combinations of these foods and their derivatives; and vegetarian/vegan alternatives to meat and dairy.

A detailed inventory of plant-based foods is not required. You may provide as much or as a little detail here as you wish.

Product category or type [EDIT AS NEEDED]	Notes	Total spend
Produce		19.84%
Whole grains		1.38%
Legumes and soy foods		0.58%
Nuts and seeds		0.56%
Plant oils		0.85%
Herbs and spices		0.80%
Coffee and tea		2.97%
Processed culinary ingredients derived from plants or nature	Includes vegetable oils, sugar, and honey	0.41%
Simple processed foods composed primarily of the above	Includes canned or bottled vegetables, fruits, and legumes; tomato extract, pastes, or concentrates; salted or sugared nuts and seeds; fruits in syrup; unpackaged freshly made breads; cereal products such as flavored oatmeal; tofu and tempeh; wine, beer, and cider	7.24%
Vegetarian/vegan alternatives to meat and dairy	Includes plant-based 'milks', meat substitutes, margarines and spreads	0.97%
		35.61%
